## 1378 Senior .NET Service Developer

### Beschreibung

For our Client in the Finance Sector we are currently looking for a keen Senior .NET Service Developer.

- Working for the Trading Floor of the client
- Leading and owning system development projects and initiatives (in the domain of Markets).
- Developing GUIs and Microservices in C# / .net to automate business processes in the structured products (Equity/FX) area. Evolution of Message oriented distributed architecture.
- Relational and/or Document oriented Databases.
- IT development of various Interfaces (e.g. interfaces form trading systems / trading tools and downstream systems, Middle Office and Back Office, document generation systems)

### Anforderungen

- Strong track record as Senior developer with minimum 8 to 10 years working experience
- Strong development / engineering skills: C# , .net, JSON, XML, MS SQL Server, Entity Framework, MS Visual Studio, Message Oriented Middleware, Continuous Integration (CI), Automated tests (unit tests, integration tests), Agile Engineering Practices and Methodologies
- Extensive skills and experience in system development, IT platforms and IT architecture
- Good experience in the Structured Products and Derivative domain (FX and Equities); financial services
- Solid track record to deliver good high quality systems for key user groups, e.g. Trading, Sales and Middle Office (applying structured approach / methodologies, e.g. Agile, prototyping)
- Good experience to work in an international, dynamic and diversified environment
- Strong communication skills and leadership skills
- Able to lead and coach developers
- Very motivated individual who enjoys new challenges
- Able to work independent / taking ownership
- Very good team player
- Well-developed communication skills and stakeholder management skills
- Enjoys to work in a dynamic working environment
- Experienced with Agile methodologies
- Languages: English (fluent) and German (good)
- FOLLOWING SKILLS WOULD BE A PLUS:
  - RabbitMQ
  - MongoDB
  - WCF / RESTful Services
